Then you can start using the hidden app.How to hide photos to Calculator Vault?Click the app hider interface gallery icon use the 'Gallery Module', add 'input folder name' to create folder and select pictures or personal photos, then click the save button to import the picture into the created private file.How to add app to Calculator Vault?In the hidden display interface click add app button, you can see the phone within the application, select the app to add to the Calculator Vault-App Hider, click the import apps button.How to delete apps from Calculator Vault?In the hidden apps interface long press the hidden app, drag the application to the delete icon to delete the hidden application.How to hide photos or videos to

hider?Click the app hider interface gallery icon use the 'Gallery Module', add 'input folder name' to create folder and select pictures or personal photos, then click the save button to import the picture into the created private file.Notices:Such as uninstall outside the application has been hidden and the Calculator Vault will not copy the app's original data to the same app in the Calculator Vault.Android AOSP Calculator source code: License: Version 2.0 you have any question about our product,please contact e-mail[[email protected](mailto:email protected)]Calculator Vault : App Hider - Hide Apps is an Android Tools app developed by Hide Apps (NO ROOT) and published on the Google play store. It has gained around 1000000 installs so far, with an average rating of 4.0 out of 5 in the play store. Calculator Vault : App Hider - Hide Apps requires Android with an OS version of 4.0 and up. In addition, the app has a content rating of Everyone, from which you can decide if it is suitable to install for family, kids, or adult users. Calculator Vault : App Hider - Hide Apps is an Android app and cannot be installed on Windows PC or MAC directly. Android Emulator is a software application that enables you to run Android apps and games on a PC by emulating Android OS. There are many free Android emulators available on the internet. However, emulators consume many system resources to emulate an OS and run apps on it. So it is advised that you check the minimum and required system requirements of an Android emulator before you download and install it on your PC. Below you will find how to install and run Calculator Vault : App Hider - Hide Apps on PC: Firstly, download and install an Android emulator to your PC Download Calculator Vault : App Hider - Hide Apps APK to your PC Open Calculator Vault : App Hider - Hide Apps APK using the emulator or drag and drop the APK file into the emulator to install the app. If you do not want to download the APK file, you can install Calculator Vault : App Hider - Hide Apps PC by connecting your Google account with the emulator and downloading the app from the play store directly. If you follow the above steps correctly, you should have the Calculator Vault : App Hider - Hide Apps ready to run on your Windows PC or MAC. In addition, you can check the minimum system requirements of the emulator on the official website before installing it. This way, you can avoid any system-related technical issues.
